

Rochet Collection 2019/2020

Rochet (ZRC)
Time for Quality Watch Straps

Welcome to the world of Rochet

Since 1904, a passion has been passed on from generation to generation within a family of passionate people. Rochet, which has been a watchband couturier for 114 years, is a firm committed to an environmentally responsible approach, and does not make any concessions either in terms of service or quality.

Charles BRUNET, President

REACH

(Registration, Evaluation and Authorisation of Chemicals) is an European regulation relating to chemicals that is aimed at improving protection for human health and the environment. REACH makes provision for a unique integrated system for recording, assessing and authorising chemicals within the European Union.

To guarantee good compliance and the intrinsic qualities of our watchbands, we have set up a simple, effective codification system. All our ZRC watchbands are:

Nickel free

RoHS

(Restriction of the use of certain Hazardous Substances in electrical and electronic equipment) is a European directive aimed at limiting the use of hazardous substances like lead, mercury, cadmium, hexavalent chrome, polybrominated biphenyls and polybrominated diphenyl ethers. The stakes involved relate to public health, the environment, competitiveness and economic development.

Chrome free
